Who is Villas de Oro?

Villas de Oro, a family owned and operated company has become the premier vacation villa rental agency, specializing in private villa rentals serving travelers to Mexico for more than 15 years. Our primary focus has been properties in the Puerto Vallarta coastal region of Mexico, which has maintained its classical Mexican charm with cosmopolitan amenities.

We offer an extensive listing of approximately 75 villas and condos in Mexico and are expanding our list of properties to destinations in the Caribbean, Palm Springs and Hawaii. Our accommodations consist of an array of intimate one-bedroom condos or penthouse suites to fabulous, oceanfront, ten-bedroom private estates.

Having personally inspected each of our properties, we can assure quality and speak proficiently on our exceptional inventory of luxury villas and condos. Each one of our properties is unique, having a charm all their own. Some are spacious and secluded, yet open to the gentle sea breezes with the most spectacular sunsets, while others may be in the heart of the city bustling with modern amenities. Whatever the case, we will always let you know first hand what you can expect with each property. Simply contact our office and we will guide you in choosing the perfect accommodation for your needs.
